Response to Amendment

1. This Office Action is responsive to Amendments received on 8/27/2008. Applicant cancelled claims previously rejected. Claims, 1-15, 18-46, 49-61, 71-82 and 89-98, previously indicated to be allowable, are pending in the Application.

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because figures 8-13 are hand drawn/written. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Reasons for Allowance

3. Claims 1-15, 18-46, 49-61, 71-82 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Wang (US 6,985,442) and Glover (US 5,379,297), alone or in combination, fails to disclose the unique method steps including, "*formatting a high-quality of service packet stream to generate a first data stream channel, formatting low-quality of service packet stream to generate second data stream channel, independently of the high-quality of service packet stream; time division*

multiplexing first and second stream channels including plurality of payloads and transmitting the multiplexed data stream on the digital bit stream inter-machine trunk", as in claims 1, 18, 30, 49, 71 and 89, and further, "restricting packet size by segmenting an outbound packet when exceeds a size threshold", as in claim 89.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to AFSAR M. QURESHI whose telephone number is (571)272-3178. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Field Lynn can be reached on (571) 272 2092.
